Nanjing, 210009 China

Dear Dr. Li,

On behalf of the American Association for Cancer Research and the Organizing Committee for the upcoming special conference, *The Evolving Landscape of Cancer Modeling*, I am pleased to extend an invitation to you to attend this meeting which will be held March 2 - 5, 2020 at the Hard Rock Hotel San Diego in San Diego, California.

We expect the meetings will provide a stimulating forum for interaction among scientists as well as a pleasant setting for informal communication. If you can attend, we believe you would benefit greatly from this opportunity; additionally, we thank you for submitting your abstract entitled ***Hypoxia-induced upregulation of HSP90 α mediates Sorafenib therapeutic resistance in human hepatocellular carcinoma via necroptosis inhibition*** for a poster presentation.

We hope you will be able to complete your travel arrangements for this meeting and look forward to hearing about your work.

Sincerely,

Margaret Foti, Ph.D., M.D. (h.c.)
Chief Executive Officer
American Association for Cancer Research
