Campinas, 18th of March, 2026.

LETTER OF INVITATION

On behalf of the organizing committee, it is our great pleasure to invite you to participate in the Symposium “**Neuron-glia communication in the nervous system as target for repair**”, which will take place in the Institute of Biology of the University of Campinas (UNICAMP, Campinas, Brazil) from May 20 to May 24 of 2026.

The meeting will bring together researchers from China, Germany, and Brazil, fostering international scientific collaboration. The preliminary scientific program of the event is attached for reference.

We would be honored by your participation as an invited speaker. Your expertise and contributions to the field would greatly enrich the scientific discussions during the event.

Please do not hesitate to contact us if you require any additional information to support your travel arrangements or visa application.

Sincerely,

Prof. Dr. Luciana Politti Cartarozzi

Department of Structural and Functional Biology
