

School of Pharmacy

International Student Summer Program August 2018 (2 weeks)

- **Purpose:** To expand the participants' international perspective on pharmacy education and practice and to provide exposure to US culture. The program is primarily focused on clinical pharmacy and therapeutics. The program is designed for international undergraduate pharmacy students.
- **Time:** August 6th to August 17th, 2018
- **Location:** School of Pharmacy, University of Southern California
- **Tentative curriculum and program activities:**
 - *Program Highlights:*
 - ◆ Welcome reception
 - ◆ Overview of contemporary clinical pharmacy education and practice in US
 - ◆ Tours of Health Sciences and University Park campuses
 - ◆ Principles of patient assessment and medication counseling
 - ◆ Pharmacotherapy for selected common disease states, including group discussion and presentation of related clinical cases
 - ◆ Tours of medical center pharmacies and selected outpatient community pharmacies
 - ◆ Closing reception with presentation of certificates of completion
- **Requirements:**
 - ◆ Fluent English communication skills
 - ◆ Adequate financial resources for fees and other expenses

- **Tuition:** \$1500 USD, includes program fees, and limited number of meals in conjunction with social/cultural activities (e.g., interaction with USC PharmD students at receptions, Los Angeles Dodgers Major League Baseball, Hollywood Bowl) on selected days. Additional \$300 USD if visa processing is needed. Participants are responsible for their own housing accommodations.
- **Contact person:** Michael Wincor, PharmD, Associate Professor and Associate Dean for Global Initiatives (mwincor@usc.edu)
